- Calendar Description: Theory and practice of drawing at an intermediate level will be offered.
- Course Content: AR 3410 will explore the use of monochromatic and color media in drawing. Various methods of representing space and describing plant, animal and the human form will be explored. Investigation of abstraction and non-objective composition will be studied.
- Course Objectives:
1. Learn the basic principles of two-dimensional design: line, shape, value, texture, color, tone and composition.
 2. Manipulate the elements of visual art on a two-dimensional surface through the application of depth perception (overlapping, mechanical perspective, diminishing size and detail, tonal modeling).
 3. Perceive visual relationships in the environment and record these perceptions in terms of the elements of the visual arts.
 4. Exhibit a basic working knowledge of the fundamental techniques and materials of drawing including the use of pencil, charcoal, pen & ink, brush, watercolor, colored pencils and collage.
 5. Development the basic skills to render and record the human form.
 6. The ability to use various drawing mediums to articulate and illustrate ideas and themes that are conceptual in nature.
- Evaluation: **CRITERIA FOR EVALUATION**
1. The level of creativity and craftsmanship demonstrated.
 2. The degree of knowledge and understanding of the elements and principles of this particular studio discipline.
 3. Portfolio presentations will be required throughout the duration of this course.
 4. Participation grade is established by your level of enthusiasm, commitment, involvement and flexibility in both studio and individual/collective critiques.
